

## The Assasintion By: Elias

"You got the amo ready?"

"All set." Said Mark

About 3 years ago marks brother went overseas to Germany and he got assassinated by the German President. Ever since, Mark has been ready to get his hands on the president.

Mark is now on his way to confront the German President. 3 hrs later...

"I'm ready, I fact I'm more then ready!" Said Mark in an excited and rough voice.

Before they get to the President they need to get through 3 gates.

"Mark here's your mask, put it on and here is your name badge, your name is George Drake, you are an tech man of Spain, act cool."

"Ok, this is what I've been waiting for, for ages."

"Sir, what state and country are you from, what is your country and code and what do you work for?"

"Ahh, I work for a technology network in Spain. My code is 09J3AQMw214."

"Ok, proceed to the next gate."

"Yes, sir, 1 down 2 to go."

Sir do you or are you carrying any sort of weapons or drugs in your vehicle that could injure the President of Germany?"

"No sir."

"You sure, if you do we will shoot both of you down and not stop until you are dead."

"Ok, proceed to the 3rd and final gate."

"Here we go Mark, 2 down 1 to go."

"Yeah." Said Mark

"I guess you are non-violent people because you have passed all 2 gates, have a nice time sir."

"Thank you." Said Marks boss.

Mark and his boss, lead to the parking lot and got ready to exit there vehicle and cause some violence.

When they walked in the building they spotted some writing that says Jim Maveric, assassinated by German President, the President has a few word and he said.

"To be honest I liked killing Jim Maveric, and if anyone gets in my way I will kill them."

"NO, NO, NO, NO, NO!!!!" Mark says in a loud voice.

"Calm down Mark." Said his boss.

Mark comes across a security guard, and the calm security guard says.

"Are you here to see the President?"

"Yes sir, said Mark.

The security guard takes them up stairs to the Presidents office.

"Thanks, I'm just going to fix up the Presidents computer, he called me a couple of says ago." Said Mark.

Ok, I'll let you do your work." Said the security guard.

Marks boss locks up the door and then Mark puts a gun in the Presidents face and says.

"Do you know who I am?"

"No." Said the President.

"I am the brother of Jim Marveric, I saw what you said about my brother, I don't appreciate it."

WHACK! Mark hits the president, and now realises that he is now in a lot of danger. Mark doesn't care one single bit because of what he done to his brother, Mark fires a bullet and shoots the presidents shoulder, the security guard here's a gun fire and runs up the stairs and slams the door open.

"Where are you!" Said the security guard.

Mark and his boss escaped up the fire escape and jump off the roof, from roof to roof they finally reach ground and run to the car and drive away taking off there mask, the security guard doesn't know that it's them because of the mask swapping. They finally reached home land, in Marks mind he thinks to himself with relief that he has got payback on the President but not full payback. Mark was happy, that's all he wanted,

"Is that all?" Said the boss.

"Yes, that's it boss, thank you for being by my side."

"No problem mate, no problem."
